GENERAL RULE--The Child Support Enforcement Division (CSED) is required to provide medical enforcement services during the Family Medicaid (MA-FM) eligibility period. Once MA-FM eligibility ends, the former recipient may request these services to discontinue.

- However, if Extended Child/Spousal Support (MA-EC) eligibility continues beyond MA-FM eligibility, support enforcement services **and** recipient cooperation **must** continue until extended eligibility ends.

Upon closure, former MA-FM recipients will receive "Notice From Child Support Enforcement Division" (a postcard) from the regional office informing the household that enforcement services will continue unless the notice is returned to CSED.

- **NOTE:** Extended eligibility (MA-EC) recipients must be informed of the requirement to continue cooperating with CSED.
- Notify CSED of recipient's MA-EC eligibility via e-mail and document on system case notes.
